

PATHWAYS2RESILIENCE

A PROGRAMME SUPPORTING
THE EU MISSION ON ADAPTATION
TO CLIMATE CHANGE

ACCELERATING CLIMATE ADAPTATION IN EUROPEAN REGIONS

Pathways2Resilience empowers European regions and communities to co-design locally-led pathways towards a climate-resilient future.

Our Regional Resilience Journey framework will provide guidance adaptable to local needs, supporting regions and communities to better prepare for the impact of climate change.

€21M

Allocated in sub-grants to implement transformative climate adaptation measures via **2 open calls**.

100+

European regions and communities assisted in identifying locally-led climate resilience solutions.

10+

Innovation Practice Groups to increase knowledge on climate adaptation innovations and identify local strengths and opportunities.
